Dear Ms. Young,

Thank you for your comments. They will be sent to the Reno City Council for review and will be part of the official record.

Regards,
 Ashley

I am writinh you because of the upcoming meeting tomorrow.

My husband and I bought in this community because of the wetlands, wild life and quiet, 17 years ago.....This proposal seems to be taking away from this and the impact on our community.

**Schools are already over crowded

** traffic will be worse

** taking away the wetland, which will affect flooding

** wild life: what will happen to yhr breaver, hawks, quail, raccoon, horses etc.

Look what is happening in Damonte Ranch.....more wet lands affected, school, traffic.....Enough is enough. Are you trying to keep up with our neighbor Calif? They are moving here to get away from it....and now we are becoming them

Please think if you lived in this area.....would you like this taken away from you?

I k ow in my heart my little e-mail will not matter, but at least I said my peace.....
