NDOW would be required to review tentative maps and submit comments within 15 days. This addresses procedural concerns. Updated position. 03/11/21 - Requires tentative maps to be forwarded to the Nevada Department of Wildlife (NDOW) for comments on potential impacts to wildlife and wildlife habitat and allows NDOW 30 days to provide those comments. The bill requires the planning commission to consider the comments prior to the rendering its decision. The bill also authorizes NDOW to impose a \$5,000 fee for reviewing the tentative map and may adopt regulations to carry out their process. Staff raised procedural concerns about the 30-day window; existing law allows a 15-day window to provide comments to ensure statutory timelines for action on tentative maps are met. The \$5,000 fee is also of concern as it is almost the same as the City's base fee for a tentative map.	Support	3
