Subject: Determination of "Community Facility" – Conservatory of Movement

Dear Mr. Chaump:

The purpose of this letter is to communicate the position of the Division of Public and Behavioral Health (Division) with respect to the "Community Facility" status of the Conservatory of Movement located at 73 W. Plumb Lane, and the state location approval of the LivFree Wellness Reno, LLC (LivFree) dispensary located at 100 W. Plumb Lane.

The Division finds that LivFree was not in violation of the distance requirements of Nevada Revised Statutes (NRS) 453A.322(2)(a)(2)(II) on the date on which its medical marijuana establishment (MME) application was submitted to the Division. Although the Conservatory of Movement would be considered a community facility based on the information available, it does not appear it was authorized by the local authority with a business license to operate at the time of the MME application. Even if the local authority subsequently authorized a community facility retroactively to operate during that period, the Division finds that the representations made by the MME applicant at the time of the application met the requirements of the statute.

The Division feels the location LivFree proposed in their initial application was appropriate and met the requirements of NRS 453A to be issued a provisional certificate and should be able to conduct operations at that location.

Please feel free to contact me at [sfgilbert@health.nv.gov](mailto:sfgilbert@health.nv.gov) or (775) 684-5874 if you have any questions.

Sincerely,

A handwritten signature in blue ink, appearing to read "Steve Gilbert".

Steve Gilbert, Health Program Manager II  
Division of Public and Behavioral Health, Medical Marijuana Program
