5 Update, discussion and potential direction to staff regarding the 2015 Session of the Nevada Legislature.  3:42 PM
Scott Gilles, Legislative Relations Program Manager, discussed the status of Senate Bill (SB) 185, which makes changes relating to fire and related emergency services in certain counties.

Council Member Brekhus and Michael Hernandez, Fire Chief, discussed potential fiscal impacts and service delivery issues related to automatic aid.

Mr. Gilles presented an update on the status of Assembly Bill (AB) 280, which revises provisions relating to relations between local governments and public employees (i.e. collective bargaining).

The Council agreed to remain neutral on AB280.

Mr. Gilles discussed a proposed bonding bill, which adds options for security in addition to bonds and requires sureties to use insurance companies that are licensed in Nevada; AB348, which revises provisions governing the consideration of the criminal history of an applicant for employment by the State or a county or city; and SB371, which revises provisions governing the use of apprentices on public works projects.

Council Member McKenzie discussed his support for the legislation and questioned why the Public Works Department put a fiscal note on it since State law already requires that they monitor their projects.

Discussion ensued regarding how and when fiscal notes are dropped, and the need for parameters regarding fiscal notes.

It was moved by Council Member McKenzie, seconded by Council Member Brekhus to support SB371.

Motion carried with Council Members Delgado and Jardon absent.
